Cal-Shake® Shake Roofing Class Action

Shake Roof Cases, Judicial Council Coordination Proceeding No. 4208, Cal. Super. Ct., Contra Costa County

UPDATED JANUARY 02, 2007

**If You Own or Owned a Home or Other Building
on Which a Cal-Shake® Roof Was or Is Installed,**

**You May Be Eligible to Receive a Payment From
the Court Approved \$61.42 Million New Cal-Shake Settlement.**

The New Cal-Shake Settlement, which was granted final approval on November 15, 2005, created a \$61.42 million Settlement Fund to cover the claims of New Cal-Shake Settlement Class members. Payments to New Cal-Shake Settlement Class Members out of the Settlement Fund will be made in accordance with the [Plan of Allocation -- Year One](#) that was approved by the Court on November 15, 2005.

Cal-Shake, Inc. ("New Cal-Shake") manufactured cement composite roofing products, marketed as Cal-Shake Shakes. Cal-Shake Shakes are a fiber cement roofing product made to look like wood shakes or slate tiles. Cal-Shake Inc. also manufactured Cal-Slate and Cal-Clay, both of which are included in this settlement.

Who Is Involved in the New Cal-Shake Settlement Class?

The Settlement settles claims of the New Cal-Shake Settlement Class. You are a part of the New Cal-Shake Settlement Class if you own or owned property on which Cal-Shake Shakes manufactured by New Cal-Shake **between February 1, 1986 and March 31, 1995** are, or have been, installed.

How to File a Claim
